

# Students & Teachers & Parents

## Looking for information on:

Science Fair Topics  
Lewis and Clark  
Teaching with Books  
Biographies  
Cyber Bullying

## Need multi-media for reports?

Flag of Libya?  
Picture of troops at Iwo Jima?  
Map of Iraq?  
Video of Nixon's Resignation?

Go to [gowyld.net/dbases](http://gowyld.net/dbases) and use the topics to locate full-text articles, reference material, images and video.

There are resources for the younger grades (Searchasaurus, Kid Info Bits, Bookflix, Primary Search), and for the older student doing research (Middle Search, Student Resources in Context and Global Issues in Context, Grzimek's, SIRS Issues Researcher). There are databases for history, business, hot topics, health & medicine, fiction for all ages, and language learning.

## Access via <http://gowyld.net>

The databases can be accessed from school or your public library. You can also use the databases from home. The vendors of these products require that every Wyoming user be authenticated before access is permitted. Link to Remote User Login at the top right of the GoWyld page or click on any of the database links.

You can also go to <http://wyld.state.wy.us/dbloginform.html>. You will be prompted to enter your 14 digit WYLD library card number and your pin and click on Authenticate. If you do not have a pin, contact your public library.

This login will permit you to use as many databases as desired (with the exception of Ancestry Library Edition and Hein Online) until you close your browser.

**These databases are hosted by the Wyoming State Library with funding provided by the Wyoming State Legislature.**
